**STATEMENT REGARDING SUBSTITUTE PAPER COPY OF SEQUENCE LISTING AND CRF COPY OF SEQUENCE LISTING**

Dear Sir/Madam:

In response to a Notice to Comply with Sequence Rules, Applicant used the PatentIn 3.1 software for the United States Patent and Trademark Office to generate a new hard copy and electronic copy of the sequence listing originally submitted with the Application as filed. The sequence listing was also checked using Checker 3.0, with no errors reported.

The PatentIn 3.1 format is considerably different from the format of Applicant's original submission. Applicant's Attorney has verified that the sequences are identical to the sequences as originally submitted. However, the feature information has undergone some changes due to the choices available in the PatentIn 3.1 software.

Respectfully submitted,

Date: **January 9, 2002**
